Report on Financial Statements

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Peabody-Burns Unified School District Number 398 of Peabody, Kansas as of and for the year ended June 30, 2020 and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note C to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

As described in Note C of the financial statement, the financial statement is prepared by Peabody-Burns Unified School District Number 398 of Peabody, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note C and accounting principles generally accepted in the United States of America, although not reasonably determined, are presumed to be material.

NOTE C. BASIS OF ACCOUNTING

Regulatory Basis of Accounting and departure from Accounting Principles Generally Accepted in the United States of America - The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligations against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt assignment to a fund, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than mentioned above.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2020

NOTE C. BASIS OF ACCOUNTING - Continued

Peabody-Burns Unified School District Number 398 of Peabody, Kansas has approved a resolution that it is in compliance with K.S.A. 75-1120a (c) waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

NOTE D. BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

Adjustment for Qualifying Budget Credits – Municipalities may use this line item for any budgeted fund. The adjustment would be a positive amount. All budget adjustments must be authorized by Kansas statutes. Examples include: expenditure of federal grant monies, gifts and donations, and receipts authorized by law to be spent as if they were reimbursed expenses.

All legal annual operating budgets are prepared using the regulatory basis of accounting in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for agency funds and the following special purpose funds:

Title I
Title II A - Teacher Quality
Title IV
Contingency
Textbook and student material revolving

Owls grant Scholarship funds Gift and grant funds Bond & Interest

Spending in funds which are not subject to the legal annual operating budget requirements is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing board.

The Peabody-Burns Recreation commission prepares its budget on the same basis of accounting as used by the District and certifies its budget to the District for levy. Because the budget is certified, it is subject to the same laws as the District regarding budgeting.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2020

NOTE E. DEPOSITS AND INVESTMENTS

Cash balances from all funds are combined and invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments are allocated to designated funds. All investments are stated at cost.

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the District or in an adjoining District if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the bank to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices. The District rates investments (if any) as noted.

Concentration of credit risk - State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District has no investments other than money markets and certificates of deposit.

Custodial credit risk – deposits: Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. There were no designated "peak periods" during the year. All bank deposits were legally secured at June 30, 2020.

At June 30, 2020, the carrying amount of the District's bank deposits, including certificates of deposit and cash on hand, was \$2,725,073 and the bank balance was \$2,887,812. The bank balance was held by two banks resulting in a concentration risk. The difference between carrying amount and bank balance is outstanding checks and deposits. Of the bank balance, \$500,000 was covered by federal depository insurance, and \$2,387,812 was collateralized with securities held by the pledging financial institution's agents in the District's name.

Custodial credit risk – investments: For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments be adequately secured. The District had no such investments at year end.

NOTE F. STOCK

The Scholarship Funds own common stock of various companies which are held by the District in the District's name. The stocks were donated and therefore not considered public monies per Kansas statutes. These assets were initially recorded on the District's books at fair value at date of receipt. At June 30, 2020, the book value is \$1,926. The Education Endowment Fund has investments of \$20,971 at market value as of June 30, 2020. The High School Endowment Fund has investments of \$80,940 at market value as of June 30, 2020.

NOTE G. IN-SUBSTANCE PAYMENTS

The District received \$107,258 for general fund and \$11,189 for supplemental general fund subsequent to June 30, 2020 and as required by K.S.A. 72-6466 the receipts was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2020.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2020

NOTE H. LONG-TERM DEBT

The debt limit per Kansas Statutes is limited to fourteen percent of the assessed tangible valuation for exempt farm property, business aircraft and motor vehicles given by the County Appraiser to the County Clerk on June 15 each year. At June 30, 2020, the statutory limit for the District was \$3,994,525 providing a debt margin of 3,994,525 after removing debt exempt from the limitation. There was no outstanding long-term debt for the year ended June 30, 2020.

NOTE J. OTHER LONG-TERM OBLIGATIONS

Other Post Employment Benefits: As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retiree's health insurance plan because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (CORBA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Compensated Absences: The District's policy is to recognize the costs of compensated absences when actually paid. The District's policies regarding vacation pay permits full-time classified employees on a 12-month full time basis to earn vacation days based upon years of service. Policies prohibit payment for vacation time in lieu of time off or carryover of unused time to the subsequent year. All eligible classified employees entering the school system for the first time are credited with 9 days sick leave at full pay. Two additional days of sick leave are accrued for each consecutive year until reaching a maximum of 15 days per year. All other eligible classified employees are credited annually with 15 days per year. The unused portion of sick leave for classified and certified personnel may be accumulated from year to year to a maximum of 75 days. Additionally, the District has established a sick leave bank to which employees may donate sick leave to be used by other employees in cases of unavoidable surgery or medical treatment or serious and extended illness. The sick leave bank shall accumulate days to a maximum of 120 days. No member can draw more than 30 teaching days from the sick leave bank per school year.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2020

NOTE J. OTHER LONG-TERM OBLIGATIONS - continued

Compensated Absences: continued

	No. Per	Balance July 1, 2019	Net Change	Balance June 30, 2020
Compensated absences	\$_	12,064 \$	(587) \$	11,477

Compensated absences are paid by the fund from which the employee is normally paid.

Certified personnel will be reimbursed at a rate of \$10 per day for unused sick leave upon retirement. Certified employees receive 11 days annually for a total accumulation of 75 days per year. No other compensation will be given for any unused sick leave upon resignation, retirement, termination, or death. Personal leave for certified employees may be accumulated at a rate of 2.5 days per year with a total accumulation of five days. The policy permits payment for unused personal leave above the total allowed accumulation days at the established daily rate of a substitute teacher. Personal leave for classified employees accumulates at a rate of one day per year up to a total accumulation of four days. The policy permits payment for personal leave after four days have been accrued at the rate of the employee's daily rate not to exceed the daily rate of a substitute teacher.

Death and Disability Other Post Employment Benefits: As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirements (KPERS) receive long-term disability benefits and life insurance. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employers contribution rate is 1% for the year ended June 30, 2020.

NOTE K: Pension Plans

Defined Benefit Pension Plan

Plan description - The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et.seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website www.kpers.org or by writing to KPERS (611 S Kansas, Suite 100, and Topeka, Kansas 66603) or by calling 1-888-275-5737.

Contributions - K.S.A. 74-4919 and K.S.A. 74-49210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the result of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribute rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 14.59% and 13.21% respectively, for the fiscal year ended June 30, 2019. The actuarially determined employer contribution rate and the statutory contribution rate was 16.15% and 14.41% for the fiscal year ended June 30, 2020.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2020

NOTE K: Pension Plans - Continued

Defined Benefit Pension Plan - continued

Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERS was decreased by \$64.13 million for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulated that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year. The first year payment of \$6.4 million was received in July 2017 and appropriations for fiscal year 2018 were made for the State/School group at the statutory contribution rate of 12.01% for that year.

Per 2017 Senate Substitute for House Bill 2002, Section 51(a), state general fund employer contributions to KPERS were decreased by \$194.0 million for the fiscal year ended June 30, 2019. Section 56(19) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2020. The level dollar amount was computed to be \$19.4 million per year.

2018 House Substitute for Senate Bill 109 provided for additional funding for KPERS School group. A payment of \$56 million was paid in fiscal year 2018. This bill also authorized a payment of \$82 million in fiscal year 2019.

2019 Senate Bill 9 authorized a payment of \$115 million for the KPERS School group.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$277,641 for the year ended June 30, 2020.

Net Pension Liability - At June 30, 2020, the District's proportionate share of the collective net pension liability reported by KPERS was \$2,530,817. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net was determined by an actuarial valuation as of December 31, 2018, which was rolled forward to June 30, 2019. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2019. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website www.kpers.org or can be obtained as described above.

Flexible Benefit Plan (I.R.C. Section 125)

The Board adopted by resolution a salary-reduction flexible benefit plan ("Plan") under Section 125 of the Internal Revenue Code. All employees of the District are eligible to participate in the Plan beginning the first day of the month following their employment. Each participant may elect to reduce his or her salary by an elected amount per month, or have a specific amount deducted, to purchase benefits offered through the Plan. Currently, benefits offered through the Plan include insurance coverage, medical reimbursement, and dependent care reimbursement.

Early Retirement Plan

The District provides an early retirement incentive plan for eligible employees. Eligible employees are teachers who have served a minimum of eleven years of service in the District, are not less than 60 years of age and not more than 64 years of age, have an additional nine years of employment within the District or another Kansas school district, and the last eleven years prior to retirement were employed by the District. The plan entitles the eligible teacher to receive annually a sum of money equal to 15% or 17.5% of the single highest yearly salary earned by the teacher while employed by the District. The plan is an unfunded, noncontributory, defined benefit plan. Current year cost of the plan is \$16,691. Benefits expected to be paid for the next eight fiscal years are as follows:

NOTE L. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. Insurance claims for the preceding three years have not exceeded insurance coverage.

NOTE M. OTHER INFORMATION

Reimbursed Expenses: The District records reimbursable expenditures in the fund that makes the disbursement and records reimbursement as revenue in the same fund. For purposes of budgetary comparisons, the reimbursements are shown as adjustments for qualifying budget credits.

Ad valorem tax revenues: The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the various counties. The County Appraiser annually determines assessed valuations and the County Clerk spreads the annual assessment on the tax rolls. The County Treasurer is the tax collection agent for all taxing entities within the county. In accordance with Kansas statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. One-half of the property taxes are due December 20th, prior to the fiscal year for which they are budgeted and the second half is due.

Ad valorem tax revenues: the following May 10th. This procedure eliminates the need to issue tax anticipation notes since funds will be on hand prior to the beginning of each fiscal year. The District Treasurer draws down all available funds from the County Treasurer's office in two-month intervals.

Contingencies: The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds.

However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statements of the District at June 30, 2020.

Compliance with Kansas Statutes

The School District is not aware of any statutory violations for the year ended June 30, 2020.
